VOLUME LXV FIRST IN SERVICE TO READERS ANTIOCH, ILLINOIS, THURSDAY, DECEMBER 14, 1950 FIRST IN RESULTS TO ADVERTISERS NUMBER 20

Sequoits Enter Holiday Tourney at Grayslake; Bensenville Here Next

Lose to Grant; Win at Richmond, Play Palatine There on Friday Night

Antioch High will try to break into the Northwest Conference victory column Saturday evening when it plays Bensenville, another cellar team, here Saturday evening.

Antioch may be able to turn the trick in beating the league leading Palatine team there on Friday night but it will be a big upset if it does. A game with Libertyville is scheduled for Wednesday, Dec. 20. The Sophomores who have been winning lately will play preliminaries to both games.

The varsity lost to Grant at Ingleside last Friday night 27 to 36 in a hard fought game, but won from Richmond there 50 to 47 the following evening.

The Sophomores avenged the defeat at Grant by winning from the Bulldog underclassmen 26 to 11. They had little trouble in winning from Richmond 38 to 18.

Entered in the holiday tournament at Grayslake, the Sequoits will play Lake Forest at 7:30 p. m. Thursday, Dec. 28, in the first round.

Should Antioch win, it will play the winner of the Elia-Warren game the following night (Friday).

Playing Wednesday the first night of the tournament in the upper bracket will be Libertyville and Grant, and Wauconda and Grayslake.

The winners of the Friday night games will play at 9 p. m. Saturday, and the losers will play the preliminary for third place at 7:30 p. m.

Robert Wilton Elected Lions Club President; Ladies Guests Jan. 8

Robert Wilton, electrical contractor, was elected president of the Antioch Lion club during the dinner meeting of the club at Pregener's resort Monday evening.

He succeeds Irving Carey, another electrical contractor, who automatically becomes a member of the board of directors.

Other officers chosen were: K. F. Deitrick, first vice-president; Loren D. Sexauer, second vice-president; George S. Wagner, third vice-president; L. A. Biel, secretary; W. A. Biron, treasurer; John Dupre, tail twister; Daniel Sheehan, Lion tamer; John R. Russo and R. J. Eckert, directors for two years. Other holdover directors are Art Smekal and Paul Erickson.

The club voted to purchase a new flag and new banner for Boy Scout Troop 92, and to provide Christmas music in the business section of the village through a public address system.

The new officers will be introduced at the next meeting of the club at Hanks on Jan. 8, when wives and women guests of members will be present.

New Men's Club to Be Organized in Meeting at Methodist Church Jan. 8

A men's club, meeting monthly, will have its first session January 8 with a dinner at 8:45 p. m. at the Methodist church.

Following the dinner there will be a program featuring a guest speaker. Speakers for this meeting and the meeting in February are said to be outstanding.

The club will elect a nominating committee at the January meeting and at the February session officers and committees will be chosen.

All meetings will be dinner meetings featuring social and educational entertainment and will be open to all men in Antioch. Tickets will be on sale at 608 Main st., or will be delivered by a telephone call to Antioch 773-R and 772.

Christmas Lights Up

Firemen helped village officials last evening in putting up colored lights on the Christmas trees attached to the ornamental light poles. The work was delayed when Trustee Merrill Cunningham and his assistants had to turn their attention to clearing snow.

Girl Scout Leaders Will Meet at Grayslake Monday

Girl Scout leaders of the Lakeside council will meet at 7:45 o'clock Monday evening at St. Gilbert's social hall in Grayslake on discussing plans for the council area exhibit and fair to be held in April. The leaders also will discuss the possibility of a first aid course.

Bevier Butts, recreation director of Waukegan will discuss "How to Conduct Games and Group Singing."

All adult members of Girl Scout organizations are invited by the officers to attend.

William F. Bock, 50, Resident of Petite Lk. Dies of Heart Attack

William F. Bock, 50, of Petite lake, died of a heart attack at 7:50 p. m. Sunday at the Old Orchard Inn, Loon Lake.

He had gone to the inn with three friends and during the dinner started to gasp and choke. He excused himself and went to the men's room. A moment later they heard him fall. The Antioch Rescue squad and Dr. D. N. Deering were called but could not revive him.

The friends of Bock, William Soldman, Gladys Balmes, and Marie Novak, said that his car got stuck in a snow drift on their way to Loon lake from Petite lake and they believe the heart attack was brought on by Bock's exertion in shoveling snow. They said he became excited and overwrought.

Born in Daber, Germany, Oct. 20, 1900, William F. Bock had lived in the Antioch community since 1929, coming here from Chicago. He was a bricklayer by trade and was a member of Waukegan Local No. 20 of the bricklayers' union.

Surviving are a brother, Gust Bock, of Sebewaing, Mich., a brother in Germany and several nieces and nephews there and in the United States.

The funeral service was held at 2 p. m. yesterday at the Strang funeral home with the Rev. Roberts Ehrigott in charge. Burial was at Hillside.

Community Club at Lake Villa Elects Ben R. Cribb Pres.

New officers of the Lake Villa Community Men's Club for 1951 were announced at this week's monthly meeting, which was addressed by Judge Jack of the Probate Court and Guy O. Lunn, former county treasurer.

Retiring president Jere Hagen, Sunday editor of the Chicago Herald American, welcomed the new slate, headed by Ben J. Cribb, general contractor of Lake Villa.

Mr. Cribb in taking over the reins cited past accomplishments of the Men's club and asked the members for their cooperation during the coming year.

The entire slate for 1951 is as follows: Ben J. Cribb, president; John Henning, first vice president; Paul Williamson, second vice president; Charles Von Oeyen, secretary; E. K. Hart, treasurer and Walter Sorenson sergeant at arms.

New directors are Arthur Olsen, Vern Blust, Walter Horenberger, Earl Caldwell and Paul Avery, Jr. Re-elected as directors are Al Boehm, John Eder, Edward Langbein, Rev. Robert Harrison, William Marks, William Walker, Lester Hamlin and Jere Hagen.

The nominating committee which presented the slate unanimously adopted by the members of the club was composed of Lester Hamlin, B. J. Hooper, Ed Langbein, John Eder, Charles Von Oeyen, William Walker, Paul Williamson, Ben Cribb and William Marks.

The addresses of Judge Jack and Mr. Lunn were voted as two of the most interesting the club members have heard all year and each was given a rising vote of applause at the conclusion of their speeches.

Antioch Seniors Attend Barrington College Day

Twenty-three Antioch Township High school seniors went to Barrington this afternoon in attending the annual College Day conference. Barrington will supply 250 seniors and juniors of the 500 attending the event.

Sixty-four college and university representatives representing 78 institutions will be present to counsel the students on their plans to attend college next year.

Schools to Close Next Wednesday for Holidays With Christmas Parties

Parent Teacher Association Cancels Monday Meeting, Meets Wednesday

Antioch public schools will close Wednesday, Dec. 20 for the holidays, re-opening on Wednesday, Jan. 3.

Each grade school room will hold its own Christmas program in its own room from 1 to 1:30 p. m. on Wednesday.

The Parent-Teacher association of the school has cancelled its meeting for Monday, Dec. 18, and will hold a short business meeting in the kindergarten room of the school from 1:30 to 2 p. m. on Wednesday.

High school students will have a Christmas observance on Wednesday afternoon before the dismissal of the school for the holidays. Incomplete plans call for a program that includes a movie centering on the Christmas theme, and the singing of carols. Each class will meet then for a treat. The program is in the hands of the Student Council and the class officers.

The re-opening of the schools on the second day following New Year's is to give those spending the holidays away from Antioch traveling time in returning.

Sequoia Music Makers Concert Monday Night Features Christmas Airs

The Sequoia Music Makers of the Antioch Township High school will present their Christmas concert of choral and instrumental Christmas music at 8 p. m. Monday at the High school auditorium.

Under the direction of Hans Von Holwede and with Ernest Finch as master of ceremonies, the students will present the following program: Chorus, I. Salutation, Gaiety; II. Sanctus, Gounod; III. The Wondrous Story, Kuntz.

The Shepherds; The Angel Choirs; The Three Wise Men; Into the Town of Bethlehem; The Manger; Christmas Dawn; IV. Parade of the Wood-n Soldiers, Jessel.

Silent Night, Gruber, orchestra bells and chimes; Silver Bells, Evans, Ronald Peters; Sleigh Ride, Anderson, Ted Gajewski; Looks like a Cold Winter, James, Jill Mahoney; Rudolph the Red Nosed Reindeer, Marks, Joan Cervinka; I'll be Home for Christmas, Ram, Joanne Strunka; A Marshmallow World, Sigman, Jerry Healy, Carmen Edmundson; White Christmas, Berlin, Charles Bock; Santa Claus is Coming to Town, Coots, Ronald Scully.

Anthony J. Scully Again Heads Holy Name Soc.

Anthony J. Scully was re-elected president of the Holy Name society of St. Peter's church following the monthly breakfast meeting of the organization Sunday, following the 8 o'clock service.

Other officers chosen are Charles J. Schroeder, first vice president; Edward J. Sletten, second vice president; Robert L. Griffin, secretary; Bruce Dalgard, treasurer; and the Rev. Francis J. Gilbride, chaplain.

President Scully made but two appointments on the standing committee list. They were Irving Carey, retreat chairman; and John L. Horan publicity chairman.

Membership of the society is in excess of 100.

WM. BRATZKE, 83 BURIED WED.

Funeral services for William Bratzke, Sr., 83, of Waukegan, were held Wednesday, December 13, at the White Tobin Funeral Home. Mr. Bratzke died Sunday at his home in Waukegan. He was the father-in-law of Mrs. William Bratzke, Jr., of Waukegan, the former Miss Pauline Van Duzer. Mr. and Mrs. Eugene F. Ingles of Lake Catherine attended the service.

Loose Purse With \$70

There will be an unhappy Christmas in the Fred Dittmer home at Grass lake if the red coin purse containing about \$70 which Mrs. Dittmer lost yesterday afternoon is not found and returned. She thinks the purse was lost in the business section of Antioch where she was shopping. Twenty dollars belonged to her and the rest belonged to her husband.

Peace on Earth—Well, Almost

Blizzard Closed Roads And Schools in Antioch And Western Lake Co.

A blizzard last Thursday isolated Antioch for the night and most of the next day when roadways became impassable. Rte. 173 east of the village was in the worst condition and large drifts still testify to the storm.

Antioch schools were closed as were schools at Lake Villa, Fox Lake, Grayslake and Wauconda.

The fall weather has been most severe with freezing temperatures prevailing since Thanksgiving. Winter is scheduled for December 21 and the old saying is that "as the days begin to lengthen the cold begins to strengthen."

Wendell S. Nelson Installed as Master Of Sequoit Lodge

Wendell S. Nelson will head the new slate of officers for Sequoit Lodge for the coming year. Nelson was installed at a ceremony held Tuesday evening at the Masonic Temple, along with Harold Nelson, Senior Warden; John Blackman, Junior Warden; Edmond R. Strang, Treasurer; E. W. Kufalk, secretary; Adrian Vanderkloot, chaplain; Bernard Guillaume, senior deacon; Edward Schippman, junior deacon; Robert E. Pincombe, senior steward; Donald Sargo, junior steward; James Bruski, marshal; Ira Simons tyler; and Wm. Baned, organist. Adrian Vanderkloot is retiring master.

The new officers were installed by officers from the grand lodge, and the installing team was headed by Rt. Worshipful Brother Charles E. Schwarm, District Deputy Grand Master, 21st District. He was assisted by his son, Cline Schwarm, Past Master Waukegan lodge. John Gaa acted as installing secretary and Richard W. Chapman, Sr., served as chaplain. Mabel Lou Dow was pianist.

A committee, headed by Mrs. John Gaa, served a lunch in the basement after the ceremony. The basement was decorated for the occasion.

Mrs. Kate Seyfarth Dies Friday After Long Illness; Funeral Tues. in Blue Island

Mrs. Kate Seyfarth, 73, died Friday, December 8, at 9:45 p. m. at her home at Shady Nook, Lake Marie, following a lingering illness. She was born July 4, 1877 in Oelwein, Iowa, and had made her home at Lake Marie since 1919.

She was a member of St. Peter's church. Survivors include one son, Richard, of Lake Marie, two sisters, Mrs. Nellie Barry and Mrs. Margaret Hallinan, both of Los Angeles, California, three grandchildren, Garnet, Mary Lou and Dan Seyfarth. Her husband, Benjamin preceded her in death August 2, 1949. The body rested at the Strang Funeral home until Saturday, when it was taken to the Hallinan Funeral home at 2601 West Vermont Street, Chicago. Funeral services were held at 9:30 a. m. Tuesday at St. Benedict's Church, Gregory and York Sts., Blue Island.

New Addition to Grade School Inadequate as Enrollment Increases

Even with the additional room soon to be provided by the new building the Antioch Grade school will be crowded.

Principal Richard Whitacre said that new pupils enrolling in the school weekly as new families move in are skyrocketing the attendance so that more room will be needed than the extra space provided by the addition that is not even yet completed.

"We cut down the new addition two rooms to come within our budget," said Whitacre, "but we are going to have to consider adding them on."

Nothing will be done regarding the extra space by the board until spring until it is known what the future holds in store.

Work is progressing on the new addition but it will be well after the first of the year before it can be occupied.

Union Free High School To Vote Tomorrow on Bond Issue, School Site

Voters of the Union Free High school district, formerly known as the Central High school in Kenosha county will go to the polls tomorrow to vote a bond issue of \$492,000 to erect a new high school and to select a place for it.

The ballots will vote a tax to pay the principal and interest for the bond issue and will choose from several proposed centrally located plots a site for which the board will be authorized to spend not more than \$16,500 of the \$25,000 voted at the September meeting to pay the cost of building preliminaries.

The \$429,000 loan proposed would be from state trust funds payable in 20 years in approximately equal installments at an interest rate of 2 1/2 per cent.

The Central High school group was successful in breaking up the large Wilmet High school district which with minor exceptions encompassed all of the area west of Rte. 41.

Now composed of Bristol, Paris, Salem, Brighton, and Wheatland towns the new district has dissection in its ranks. Three of the townships have tried to withdraw and can be depended upon to vote some opposition. Only Randall township, a portion of which was already in Wilmet township, was able to withdraw.

Student Council Gives Dance

The Student Council of the Antioch Township High school will sponsor a dance at the school auditorium following the game with Bensenville here Saturday evening. Members of the committee in charge are Pat Hogan, Carol Loftus, Carmen Edmundson, Ronald Scully and Chase Millsop.

Dances following future home games will be sponsored as follows: Jan. 5—Freshmen; Jan. 12—Juniors; Jan. 26—Seniors; Feb. 9—Student Council. Because the sophomores sponsored the Sadie Hawkins dance, they will be relieved of the task.

Program at Channel Lake

There will be a Christmas program at the Channel Lake school at 8 p. m. Monday with each grade taking part. The public is invited, teachers said.

Della Duckwitz Killed by Hit-skip Motorist Tuesday

Stanley W. Robis, Spring Grove Mechanic, Jailed For the Crime

Mrs. Della Duckwitz, 74, well known resident of 422 Orchard st., was instantly killed at 10:15 p. m. Tuesday when she was struck by a hit-skip motorist as she was crossing Main st., from Depot st.

Stanley W. Robis, 44, Spring Grove, Ill., mechanic, known to many people here, was charged by deputy sheriffs with reckless homicide in connection with Mrs. Duckwitz' death and was held in the county jail yesterday with bond set by Justice of the Peace Ray Reardon, Waukegan, at \$5,000. He has since been released on bond.

The presence of mind of Mrs. Annie Johanson, 342 Depot st., a comparatively new resident in the village, in noting the number of the car license and the description of the driver as he left the scene resulted in the arrest of Robis two hours after the accident at his home.

Mrs. Johanson and her husband, Einar, told Deputy Sheriffs Roger Kane and William Wood they were about 100 feet from the street intersection when they heard a woman scream and saw the car drive away.

(Continued on page 7)

High School Conference Principals Meet Here; Plan Spring Activities

A baseball schedule opening early in May with two games a week similar to that of last year, and a preliminary meeting of music teachers with the directors of the chorus and band at the music festival at Barrington Apr. 23, were recommended at the meeting of the principals of the Northwest High school conference here last evening.

Meeting with the principals were faculty supervisors of the school annuals and papers who discussed their problems.

The music teachers said they could do a better job preparing the students for the united band and chorus if they had a clearer understanding of what the directors wanted. In the past the picture has not been clear and confusion resulted.

The meeting started at 4 p. m. and at 6:30 a luncheon was served by sophomore students of Miss Naomi Miners, home-economics teacher, in the school cafeteria. They were highly complimented by the visiting teachers and principals on the meal and how it was served.

Ted C. Larson, Attorney To Open Office in First National Bank Building

Ted C. Larson is opening an office for the general practice of law on the second floor of the First National Bank building.

A local resident, Atty. Larson has been practicing in Waukegan. He is a graduate of Antioch Township High school, and was graduated from Illinois university with a bachelor of arts degree.

He received his doctor of jurisprudence degree from Loyola university. He is a member of the Illinois Bar association, and a member of Delta Theta Phi law fraternity.

During five years of World War II he served as a commissioned officer in the navy.

Susan Juhnke, 3, Dies After Drinking Bottle Of Oil of Wintergreen

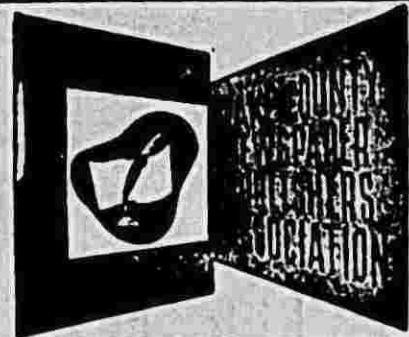

Susan Juhnke, 3-year-old daughter of Margaret Morgan Juhnke and Paul B. Juhnke, Jr., of Milwaukee, and granddaughter of Mr. and Mrs. Paul Juhnke who have a summer home on Venn's Island in Lake Marie died recently after swallowing the contents of a bottle of oil of wintergreen.

The body was taken to the Chicago home of the grandparents at 5403 Lakewood ave., and the mass of the angels was said at St. Ita's church. Burial was in the Venn family lot at St. Boniface cemetery. Besides her parents she is survived by an older sister, Gretchen, and two brothers, Paul and Peter.

"Save Our Highways"

Some time ago, a "Save Our Highways" movement was started in Knoxville, Tennessee, as an organized protest against the destruction of roads by heavy trucks. The movement soon reached statewide proportions and attracted great interest elsewhere. Here are the objectives of the Save Our Highways Club that apply to all states and all communities.

1. To protect the taxpayer's tremendous investment in the highway system.
2. To reduce the hazards of accident, death and injury to all highway users.
3. To require the payment of adequate user charges by commercial inter-city carriers.
4. To prevent the destruction of highways and bridges by overload, box-car-size vehicles.
5. To lessen the tax burden created by the construction and maintenance of stronger-than-necessary highways for the benefit of the few.
6. To enhance the pleasure, convenience and safety of the motoring public.
7. To support and encourage our representatives in government in all efforts to further these objectives.

The cost of building, repairing and maintaining highways which are adequate for the huge trucks is approaching unbearable proportions. Overloading—even in states where weight laws are very liberal—is commonplace and adds fuel to the fires of road destruction. Those who use our roads for commercial purposes should be forced to pay their proper share of the costs. The taxpayer is heavily subsidizing the trucking industry and he can't afford it. The Save Our Highways movement is a long step in the right direction.

No Confidence

One forecast, in summing up the legislative attitude of the next Congress, says that the prospect for new valley authorities and kindred public projects is poor.

Here is a case where it should be safe to look

into the crystal ball and call the turn. If the voters made one thing clear at the last election, it is that they are weary of endless and unnecessary government experiments, including those which invade the rights of local government; of the trend toward socialism of which the valley authorities are a salient example, and of the huge waste of tax money involved at a time when we should be tightening our belts all down the line.

Moreover, the argument that CVA and the other valley authorities are wanted by the people, but have been blocked by powerful and selfish special interests, was also blasted at the last election. In the Pacific Northwest, for instance, opponents of CVA were swept into office on every hand. The Republican governor of Oregon, who has fought CVA vigorously and without equivocation, smothered his pro-CVA opponent by a vote of two to one. So it went in other affected states.

It looks as if the people now realize that the benefits of the valley authority schemes can be obtained without sacrificing local government and private enterprise—including the production of whatever amount of electric power any region can use. The new Congress has a mandate from the people, all right—but it is a mandate in favor of economy and efficiency and straight constitutional government. Socialism was given a resounding vote of No Confidence.

Merchandising Philosophy

Twenty-five years ago it was feared that the growth of the chain stores could only end in the elimination of the independent merchant. Some people actually believed this—other exploited the idea for political and economic reasons.

Now, as the Census of Distribution shows, the chains account for no greater a percentage of the total retail business than they did 20 years ago when the first of such censuses was compiled. That is true of the chain stores as a whole—and is also true of the fields in which they have developed most extensively, such as food, variety goods and drugs. The independent merchants both outnumber the chains and account for the majority of the total retail business.

Honest competition is never destructive. The independents, when faced with the chain problem, did not give up or stand still. They adapted some of the successful chain store techniques to their own operations. They added other innovations of their own devising. And they kept an increased trade.

This competition, moreover, has been of the greatest service to the consumer. The chain store philosophy was that mass-distribution was necessary if the benefits of mass-production were to reach the most people. A big turnover would make possible successful operations even though the margin of profit of each sales dollar was extremely small. That philosophy has strongly influenced every kind of retailing, and is now an accepted economic fact.

Competition results in progress for everyone—and in better living and working standards for everyone.

room will take part in the program and music will be furnished by the school. Chorus and the newly formed band. You are cordially invited to attend this program.

Mr. and Mrs. Stuart Somers spent last week with their father, Wm. T. Somers, at his home in Villa Woods subdivision. Mr. Somers has returned to his home in Ohio, but Mrs. Somers remained for this week.

Mrs. Paul Avery, Sr., was hostess for the Sewing club at a luncheon at her home at Cedar Lake on Thursday afternoon this week and Mrs. Ruth Sheehan of Antioch and Mrs. Doris Obenau of Lake Villa were guests. There was an exchange of gifts during the afternoon, also a grab bag.

The 500 club met last Saturday night with Mrs. Anne Nelson at her home on Grand Avenue. Mr. and Mrs. Andy Krull, of Trevor, were guests and because of road conditions some of the group were absent.

Quackgrass

If an entire field is infested with quackgrass, tillage methods of eradication are simpler and more economical than any chemical method.

LAKE VILLA

Rev. Harrison's sermon topic for the worship hour at 11 a. m. at the Community church next Sunday is "Can you shoot an idea?" You are very welcome.

The annual Christmas party for the church school will be held at the church on Wednesday evening at 7:30 p. m. with program by the pupils and treats for all. The public is invited.

Mr. and Mrs. Delbert Sherwood entertained the teen age group of their two Sunday school classes at a party at their home Sunday afternoon and a splendid time was spent with Mr. and Mrs. Sherwood as host and hostess.

Mrs. M. H. Gindich made a business trip to Detroit, Mich., last week

and returned Sunday night with a new Buick car.

The Lake Villa Community Men's club met at the school gym on Tuesday evening this week for a Swiss steak dinner prepared by W. S. C. S. and served by the Halcyon club.

Mrs. Edna Cable is with her sister, Mrs. Krull at Trevor for a time. Mrs. Daisy Riney went to Chicago to spend Thanksgiving with her granddaughters and from there has gone on to Miami, Florida to be with her daughters for the winter months.

The Village Board met at the Village hall in regular session Monday evening and the sewer system for the district was discussed.

A farewell party was held Saturday night at the recreation room of the fire station in honor of Fred Teltz, who has been in the employ

of the Haley garage and who becomes a member of the U. S. Army this week.

William Marks entered St. Luke's hospital in Chicago as a patient last week.

Mrs. Olga Fischer of East Shore Gardens who has been a patient at Lake County General hospital for two weeks has returned to her home.

Mrs. Chris Lutz and two children have joined her husband, Major Lutz in England, where he is stationed. Mrs. Lutz is the former Gerry Hall, well known here where she spent her girlhood. She and her children have been with her mother for some time.

The annual Christmas program of the Lake Villa school will be given at the school gym on Monday evening, Dec. 18, at 8 p. m. sharp. Each

Inadequate Fire Insurance

While residents of the Milford area are still fire safety conscious, this is a favorable time to advise every person who carries a fire insurance policy to give consideration to the fact that, while the costs of homes and home furnishings have gone up, the average home owner is not carrying enough fire insurance to keep pace with these increases.

One prominent insurance official asserts that insurance on furnishings alone is so low that the typical householder stands to lose only about 80 per cent of the value of his property in case of total loss. A person whose fire insurance policy is of long standing can easily forget that in the meantime he may have added a new electric refrigerator, a washing machine or a home freeze unit.

Replacement prices on all pieces of home furnishings has climbed so rapidly that many families would be caught short in case of a bad fire. And remember that the insurance dollar, like all other dollars has little more than a 50-cent purchasing power.

Here's a few examples of how prices have soared in the past decade. A 9x12 rug that might have been bought for \$115 in 1940, cost over \$190 in 1950; furniture that cost around \$102 10 years back now sells for more than \$220. Radios have nearly doubled in a decade. So it is with other things that go into a house: appliances, textiles, apparel of all kinds, and so on.

As for the house itself, many persons do not realize that a \$5000 dwelling in 1940 now costs \$10,000 to replace. Higher-cost houses have risen in value proportionately.

As a guide, one insurance expert suggests an increase of 50 percent to cover new furnishings. Home insurance is in a somewhat different category, depending on the last renewal date. Policies issued a year ago should be made four percent larger now. If the insurance is three years old, the new valuation should be 15 per cent higher.

Beyond that, if the original policy is of long standing and has never been increased, a recheck of your present home furnishings and personal property may convince you that an increase of as high as 50 per cent may be advisable.

Brooklyn Indian Scares Housewife With Scalping Knife

NEW YORK — A resident of a Brooklyn apartment house told the Flatbush court an Indian working as an elevator operator in the building has some rights, but she doesn't believe they include wearing a "scalping knife" and hanging a modified war club in his elevator.

Mrs. George Hagopian, one of the 12 tenants in the building, said that it had taken a little time to get used to Chief Reindeer, otherwise known as "Joe" when he went to work as superintendent and elevator operator—not that his strangeness was entirely distasteful.

She thought his custom of wearing his hair in a braid was novel and when he occasionally stuck a gay feather into his coiffure, it lent a romantic touch that brightened all of Flatbush.

However, she said the elevator service was poor. You could "ring and ring" before the car came and it did not do much good to complain. Once, she added, when she did complain, Chief Reindeer replied: "This is my country, you leave."

Mrs. Hagopian reminded him of a real estate transaction involving Manhattan island and \$24 worth of

trinkets which was fair enough at the time to speculate on how Brooklyn was included in the parcel. In any event, the Indian directed her attention to a knife in his belt, which terminated the argument, she said.

Mrs. Hagopian said that she was afraid of being scalped. She said that other tenants had been insulted and that several had signed a petition to the landlord for the chief's removal.

The building's owner was advised to keep the chief under wraps.

Wisconsin Lakes

Wisconsin has more than 8,000 lakes, all of them promising improved fishing if their individual problems can be met, and the conservation department is making a rough diagnosis of these waters at the rate of about a hundred a year as a basis of factual management. Fish stocking continues to be an important device of fish management.

Calves' Digestive Upsets

Colostrum—the first milk a cow gives after calving—does not cause looseness or scours in calves, contrary to the belief of some farmers. In fact, it is possible to change abruptly from feeding whole milk to feeding colostrum without causing even a slight digestive upset.

Connecticut Motorists

The state of Connecticut examined the vision of 44,591 applicants for driver licenses and found that 20,319 of these had visual problems that might make them highway hazards. Only 4,439 of these were wearing glasses to correct their problems, and 2,779 were unaware that their vision was below par.

Strength of Eggs

According to tests made at Cornell university (on 3098 eggs laid by a flock of white Leghorn pullets) the average pressure required to break an egg was 9.8 pounds, with the highest 18.7 pounds. Pressure was applied from end to end. It was found that the pressure required for breaking was about three to four pounds less when applied between the sides of the egg.

Diamond Mines

Every girl knows how hard it is to get a diamond ring. But even harder is man's struggle to wrest that valuable gem from the earth. The diamond mines of South Africa are considered the richest in the world, and provide us with 95 per cent of the gem diamonds used, yet only one part of 35 million is diamond.

Teach Children Selflessness

Although "cleanliness is next to Godliness," do not stifle the practices of charity in the effort to keep your children clean. It is more important to praise a child for wanting to share his food with the family pet than to scold him for being dirty. It is easy to learn about germs when one is older. It may not be so easy to unlearn selfishness.

Lavender And Wall Space

Purple is subduing and slightly melancholy. It is delicate, cool and atmospheric in quality. Owing to its excessive cost in ancient days, purple became a royal color. Consequently it often seems to us to be impressive, pompous, and stately. It is not used extensively, yet delicate, grayed tints of it are beautiful on some walls.

IT'S BUILT FOR KEEPS!

In the difficult years ahead, that new truck of yours will have to put out more—and take it longer. So there are many reasons you'll be wise to choose a GMC!

You'll get the constant dividend of GMC's greater pulling power—truck-built horsepower with greater sustained torque than other engines.

And with that power goes the greater stamina of GMC's rugged truck-engineered frame. In practically all models, from ½ ton up, you get such extra value features (at no extra cost!) as Synchro-Mesh transmission, Tocco-hardened

crankshaft, airplane-type bearings, and Lifetime Weathersealed cabs. They all tell you that longer life and lower maintenance are standard equipment with a GMC.

As your GMC dealer we are transportation engineers, specializing in selecting the exact combination of the right engine, axle, transmission and frame for your particular trucking job.

That's why there's a special GMC truck waiting for you. Come in, let us show you why GMC is your best buy for the years ahead!

Get a real truck!

Cosgrove at Marshall Islands
Mr. and Mrs. Joseph L. Cosgrove, 387 Lake St., have received word from the son, Pfc. Joseph L. Cosgrove, that he has arrived safely back at Eniwetok Atoll in the Marshall Islands after spending two weeks at Fort DePuey in a rest camp for service men. Joe was among a group of 70 men who were flown to Honolulu from Eniwetok for a short leave after being at Eniwetok for months. While in Honolulu he called home and talked to members of his family by radio-telephone. On the boat trip back he met a large number of men from the Chicago area. Joe runs a shoe repair unit for the Quartermaster Corps. His parents say he welcomes mail from home and his address is Pfc. Joseph L. Cosgrove, Q. M. Det. 7128 AU, A. P. O. 187 care of Postmaster, San Francisco, Calif.

Future Power Giants
Development of new materials will make possible construction of steam turbines able to produce half a million kilowatts. That power is nearly three times as much as is produced by the largest sizes in service today, and will be enough to furnish the needs of a city the size of Washington, D.C.

Rose-Planting Time

Even as the coming of fall means "football" to the sports fan, to the gardener in northern zones it means the ideal time to plant roses for the best results next season. Fall planting gives plants a head start in establishing a sturdy root system before they begin to spend energy in spring growth.

Tremendous Earth Heat

A possible source of tremendous heat lies deep in the earth itself. Temperatures there may be as high as 20,000 degrees and the flow of this heat through the earth's crust is 10 times our total energy requirement. No practical way to tap this energy reservoir has been discovered as yet.

Neglected Calves

Improper raising of calves is an important and often overlooked cause of sterility. Calves fed poorly and raised in dirty quarters often suffer from dysentery and recurrent pneumonia, and become poor breeders as the result.

Feed Hay To Cows

Continue the feeding of hay to cows throughout the pasture season. The hay helps to slow up movement of the grass through the digestive tract, which enables the cows to make much better use of the nutrients in the grass.

Now is the time for all good men
to come to the aid of their pocketbooks

There's been a lot of talk in recent weeks about "the buying power of the dollar"—past, present and future.

We can't foretell the future—but we can tell you this right now:

You'll look a long way before you'll find a car that offers as much for the money as you can get in a 1950 Buick.

Close to half a million of these cars have been built and sold this year.

Close to half a million people have checked their features and prices against the field—and decided they'd better buy Buick.

As to prices—they start down below some sixes. And whether you price the SPECIAL, the SUPER or the ROADMASTER, you'll find, on a cents-per-

pound basis, that few other cars can touch them for value.

And this is for sure! When it comes to performance—ride—the way they handle and hold the road—and thrifty use of fuel and oil—Buicks have never been finer.

That's another way of saying that coil springs on all four wheels—Dynaflow*—torque-tube drive—and Buick's high-compression, high-economy Fireball power produce an out-of-this-world combination.

So if you want your dollars to do extra duty—the time to act is now.

Look at the price tags—look at the features—sample the power and thrill that you get for your money—and you'll know what we mean.

*Dynaflow Drive is standard on ROADMASTER, optional at extra cost on SUPER and SPECIAL models.

MILLBURN

Rev. L. H. Messersmith has chosen the sermon topic "The Gift Beyond Compare" for the worship service Sunday, Dec. 17.

The annual Christmas tree and program sponsored by the Sunday school will be held in the recreation room of the church Saturday evening, Dec. 23.

The sound movie "East Side of Heaven", which was sponsored by the Men's club, was shown in the church recreation room Monday evening.

The fourth meeting of the Young Americans Club of Millburn school was held Tuesday, Nov. 21. Officers elected at a previous meeting were president Ruth Ann Haisma; vice president Joe Strunka; secretary Judy Paulsen; treas. Francis Kenimer; reporter Ora Lee Paszkeyez. The waste paper drive netted \$35.18 for the club's treasury.

Mr. and Mrs. David Bennett of

Rosecrans, were supper guests at the Ed Hoffman home Sunday evening.

The Ladies Aid Society met at the church last Thursday with a good crowd for the cafeteria dinner served by the December Committee. The following officers were elected: Presl., Mrs. Lyman Thain; 1st vice presi., Mrs. Kenneth Denman; 2nd vice presi., Mrs. Frank Edwards; secretary Mrs. Clifford Weber; treasurer Mrs. Paul Erickson.

Mr. and Mrs. Frank Hauser were supper guests at the Clarence Hauser home at Paris Corners Tuesday evening.

Mr. and Mrs. W. C. Upton spent three days in Boone, Iowa, where they attended a dinner meeting of the Veterans Association of the Chicago and Northwestern Railway.

Kent Davis returned to his home in Farnam, Nebr., Tuesday evening, after spending a week with his un-

cle and aunt, Rev. and Mrs. L. H. Messersmith.

Mr. and Mrs. Clifford Weber, Jr., and daughters, of Winthrop Harbor, spent Sunday afternoon at the C. F. Weber home.

An important meeting in the in-

terest of Crop, (Christian Rural Overseas Program) will be held at the Farm Bureau office in Grayslake Friday evening, Dec. 15 at 8 o'clock. An appropriate movie will be shown, and able speakers will explain this very worthy program.

Millburn unit of Home Bureau will meet at the home of Mrs. Robert Murrie at Russell Friday, Dec. 15 at 10 a. m. with pot luck dinner

at noon. The major lesson "Santa's Workshop" will be given by Mrs. Robert Murrie and Mrs. Charles Lucas.

CHRISTIAN SCIENCE CHURCH

The subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, December 17, will be: IS THE UNIVERSE, INCLUDING MAN, EVOLVED BY ATOMIC FORCE?

The Golden Text is:

"Sing unto the Lord, all the earth; shew forth from day to day his salvation. Declare his glory among the heathen; his marvelous works among all nations" (I Chron. 16:23, 24).

Among the citations which comprised the Lesson-Sermon, the following are from the Bible:

"I have made the earth, and created man upon it: I even my hands, have stretched out the heavens, and all their host have I commanded. . . For thus saith the Lord that created the heavens; God himself that formed the earth and made it; he hath established it, he created it not in vain, he formed it to be inhabited: I am the Lord; and there is none else" (Isa. 45:12, 18).

The Lesson-Sermon includes the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

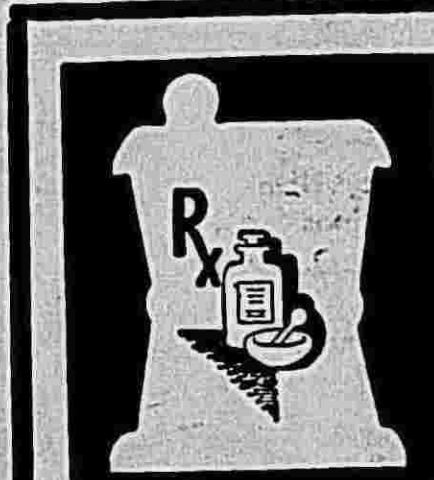

"What is termed matter manifests nothing but a material mentality. . . Matter surely does not possess Mind. God is the Life, or intelligence, which forms and preserves the individuality and identity of animals as well as of men. God cannot become finite, and be limited within material bounds. . . The true theory of the universe, including man, is not in material history but in spiritual development. Inspired thought relinquishes a material, sensual, and mortal theory of the universe, and adopts the spiritual and immortal" (pp. 173, 550, 547).

A CHRIS-CRAFT OUTBOARD MOTOR

Yes, a new Chris-Craft outboard motor is certain to be welcome on Christmas morning, and on many other mornings over the years, whenever the sportsman in your family goes hunting, fishing or boating. Why take chances when this gift is sure to please?

★ ★ ★

Built and backed by Chris-Craft, the acknowledged leader in the marine field, the new motor features engineering advances which are characteristically Chris-Craft and which set them apart from all other outboard motors. In a Chris-Craft you get split-second starting, extra slow trolling speeds, extra fast top speeds, and smooth, almost vibrationless power flow. Here's a gift any sportsman will welcome.

SOCIETY EVENTS

Girl Scouts to Burlaque Women's Club Members in Skit on Monday Afternoon

The Girl Scout group of this community, sponsored by the Antioch Woman's club will entertain its sponsors Monday afternoon with a one-act skit called "A Meeting to Music." It will be a burlesque on a Woman's club meeting at the club's regular meeting.

The plot is a musical and lyrical discussion of ways and means of raising money when the members have been informed by their treasurer that their exchequer contains a balance of 39 cents.

Principals in the skit are: Valerie Gressen, as President Mrs. Maurice Radtke.

Faith Sterling as Mrs. Morris Pickus, treasurer.

Sue Wolfenbarger as Mrs. F. W. Oschmann, program chairman.

Luisa Vos, Maid.

Members in first group—Kathleen Kennedy as Mrs. David N. Deering.

Mary Lou Osmond as Mrs. B. Burke.

Diane Sheehan as Mrs. W. W. Warriner.

Members in second group—Nancy Rentner as Mrs. A. H. Kaufmann.

Marion Stowe as Mrs. K. F. Deitrick.

Mary Ellen Cranley as Mrs. Ernest Brook.

Mrs. Walter Aschenbrenner will play the piano accompaniment.

Additional entertainment will include instrumental numbers, Malaguna and a medley of Christmas carols by William Deering; a monologue entitled "The Fifth Hand at Bridge," by Mrs. Bernard Guillaume and a dance "The Minuet" by Diane Sterling.

The Woman's club extends an invitation to all the mothers of the Girl Scout group to be present on that day and a large attendance is anticipated.

The Scout leaders of this group are Mrs. C. B. Olsen, chief leader; and Mrs. William Brook, Mrs. C. A. Wolfenbarger and Mrs. L. V. Madden, assistant leaders.

ST. IGNATIUS' CLASS TO BE CONFIRMED IN PARK RIDGE

On Sunday, Dec. 17, a class of eleven Confirmands will be presented to the Rt. Rev. the Bishop of Chicago in St. Mary's church, Park Ridge, for the Sacrament of Holy Confirmation. The confirmands will travel to Park Ridge in a "caravan," and will be presented for Confirmation by the Rev. Robert E. Ehrgott, Priest in Charge of St. Ignatius'. On the 4th Sunday in Advent, Dec. 24th the Confirmands will make their first Holy Communions at 8 a. m. Eucharist. The class includes: Mrs. Harry Stott, Antioch, Mr. and Mrs. George S. Benz, Antioch, Twp. Mr. Elmer Hawkins, Antioch, Miss Gertrude Hawkins, Antioch, Mr. Fred Hawkins, Antioch, Mrs. Howard Gaston, Antioch, Miss Judith Gaston, Antioch, Mrs. Elmer Monnier, Lake Villa, and Master Fred and Miss Betty Miller of Townline Road, Zion, Twp.

ANNUAL CHRISTMAS FESTIVAL TO BE HELD DEC. 17 AT ST. IGNATIUS'

The annual Christmas Festival for parents and children of the Church school of the Church of St. Ignatius of Antioch will be held this Sunday, Dec. 17, beginning with Evening Prayer (Evangelion) at 7:00 p. m., followed by the Pageant of the Nativity of our Lord, the Presentation of Advent Mite Offering Boxes, and the Christmas Party in the parish hall. Santa Claus will distribute gifts to all the young people. Parents are invited to attend, as usual.

MYF PLANS MEETING AND TOBOGGAN PARTY

The Christmas story will be shown in colored slides by the Rev. G. Richard Tuttle to the Intermediate M. Y. F. at 2 p. m. Sunday. After a discussion the members will go tobogganing if weather permits. All who have toboggans are asked to bring them.

AFTER EIGHT CLUB TO MEET TUES, 19th

The After 8 Club met at the club room at the home of Mrs. Mary Jane Kempf Wednesday evening. Luncheon was served by the hostess, Mrs. Julie Maleck. The next meeting will be held Tuesday, Dec. 19th.

ANNOUNCE ENGAGEMENT OF DAUGHTER

Mr. and Mrs. Leo Fox have announced the engagement of their daughter, Diana to Mr. Irving Buchta, son of Mr. and Mrs. Leo Buchta of Antioch.

Mr. and Mrs. S. Boyer Nelson and son, Harold left Wednesday for a trip to visit with relatives at Canton, Gorham and St. Louis.

Mrs. James Kopriva is convalescing at her home after spending a month at St. Francis hospital in Evanston.

Christmas Seal Sale Is Still Ahead of 1949 in Third Week

At the end of the third week of the 1950 Christmas Seal Sale the receipts total \$22,743.51 according to Mrs. Gerard Fossland, Seal sale chairman for the Lake County Tuberculosis Association. This amount is \$2286.32 over the third week total for last year.

These additional funds will enable us to expand our program and to take more chest x-rays in the county. Mrs. Fossland said. There are still several communities that have not had a mass x-ray survey and there are still a few industries whose employees have not been x-rayed. We hope we can have a community chest x-ray survey in every city and town in Lake County this year in an effort to find more of the unknown cases of tuberculosis we know exist in the county.

The tuberculosis testing program will continue in the schools and the health education and nursing services will go on, of course, Mrs. Fossland said.

The clinic which is normally held three times a week will not be held during Christmas week, Mrs. Fossland said. The last clinic for the year 1950 will be held on Dec. 22 (Friday) from 8 to 10 a. m. The first clinic of the new year will be Wednesday, Jan. 3, 1951 and there will be clinics every Monday, Wednesday and Friday from then on throughout the year.

Irving, Nielsen, Tultz In Army Draft as War In Korea Turns on U. N.

J. Donald Irving and Louis Nielsen of Antioch, and Fred Tultz of Lake Villa are among the Lake County contingent of draftees leaving Chicago last evening for Fort Leonard Wood, Missouri to receive their training in the army.

Each day the Korean incident comes nearer home to Antioch families through members called into service.

At this time American soldiers are being evacuated from Northern Korea in the face of overwhelming forces of the Chinese Communists who have entered the fray.

What the next move will be and whether the boys now called to service will be needed is a matter of speculation but many fear that a new world war is approaching.

At present the action is on the part of the United Nations with no war having been declared by congress. America has supplied most of the troops in the aid of South Korea.

CARD OF THANKS

I wish to express my gratitude to Dr. Breakstone and the Antioch Rescue Squad for giving me such prompt attention when I was taken ill at the Antioch Woman's club on Nov. 6th and I want to thank all my friends for their lovely gifts, flowers, cards and letters which I received while at St. Francis hospital in Evanston.

Sincerely,
Ann Kopriva

High School Teacher Recovers Car Stolen From Antioch Garage

With the gas tank nearly empty and 140 miles more on the speedometer the Ford sedan of Miss Mae Hartley, high school teacher, stolen from the Antioch (Ford) Garage Sunday night was found yesterday at the top of a hill on Twin Lakes Rd., north of Miller's corner at Rte. 173.

Three Christmas packages left by Miss Hartley in the car had been opened but the thief apparently wasn't interested in the contents and didn't take it.

A person who must have been familiar with the garage, gained entrance through a door and after backing many cars out of the way, selected Miss Hartley's 1950 car with fewer than 4000 miles on the speedometer to use. She had left the car there for repair.

Residents on the Twin Lake rd., noting the car had been standing there nearly three days without being moved investigated and found a Ford garage repair order inside. They notified the garage, and Miss Hartley soon had her car back. It was not damaged.

Allendale Defeated by Lake Villa After Winning Nineteen Games Straight

The Lake Villa Grade school team upset the highly touted Allendale Tigers recently by defeating them in a close, hard fought battle 29 to 28. It was the first loss for the Allendale team this year and it also ended a nineteen game winning streak begun last year. Lake Villa is as yet undefeated this current season.

The Lake Villa Red Devils lead all of the way with the exception of a few minutes at the beginning of the second half when it appeared that the Tigers had shaken their first half jitters which held them to a faint 10 points. The highly fired-up Lake Villa squad jumped off to a 10 to 6 lead the first quarter and lead at the intermission 14 to 10. The score stood 24 to 22 at the end of the third quarter, and when the game ended the Allendale team was still 1 point shy.

Bill Shipperley was high for Allendale with 12 points and Caples took the honors for the victors with 14 points to his credit.

The Lake Villa Junior team wasn't quite so fortunate as it dropped a 39 to 36 decision to the Allendale Junior Team. Both teams played rather well but the Allendale team came through in the final minutes to sew up the close battle. Bill Cassidy was the high point man for Allendale hitting the nets for 16 points. Nielsen was high for Lake Villa with 12.

CARD OF THANKS

I would like to thank all my friends for the cards, visits and all the courtesies extended to me after my recent accident.

Joe Anzinger

Grant Bond Issue Defeated
By a 9 to 2 ratio Grant Community High school district voters disapproved of the proposed \$1,220,000 bond issue to build an addition to the high school. The school will face half time sessions next year as the result.

Bad Weather Cuts Crowd
The Lakeland Players did a good job last week in presenting their play "Adam's Evening," a farce comedy at the high school, but stormy weather reduced the size of the audience that could have been expected.

F. H. A. Has Party
Called a "Hen Session," the girls of the Future Homemakers of America at the Antioch Township High school will have a Christmas party at the school tonight. Only girls of the school are invited. They will take gifts for a grab bag.

FUTURE OF MILK PRICES TO BE DISCUSSED

Lake County dairymen are invited to attend a meeting at the Farm Bureau Hall in Grayslake on Monday, December 18, starting at 1:00 p. m., according to an announcement by Ray T. Nicholas, Lake County Farm Adviser. Mr. Gordon C. Kleiman, Assistant in Agricultural Economics, University of Illinois will discuss "What Is the Future of Milk Prices?" This meeting should be of interest to many Lake County farmers who derive much of their income from dairying.

Stretch Your Eyes
"Let's take an old fashioned walk" is a good suggestion for getting out and enjoying spring with the youngsters.

As you walk, teach the children how to "stretch" their eyes—and their ears—so they get the full benefit of nature. You'll see all kinds of birds, leaves, flowers, and insects when you "stretch" your eyes. And you'll hear bird calls, the wind, and many other wood's noises as you "stretch" your ears. Children who learn to enjoy the outdoors will have a ready source of many hours of entertainment as they grow up.

Kew Gardens
In Kew gardens, outside London, are housed, protected, and studied 45,000 different living species of plants. The Herbarium also contains more than 50,000 botanic books, and tiers of shelves holding roughly 6,000,000 sheets of plant specimens, grouped by classes, divisions.

Pearl Buttons
The lovely iridescent pearl buttons used on many cottons are one hundred per cent washable. Since water is the natural element of the shells from which they are made, they take to laundering as a fish to water. Even boiling water won't affect such buttons. The same can't be said of novelty hand-painted buttons, since the paint may rub off on clothing, and metal buttons may rust when immersed in water, spoiling a garment beyond repair.

Copper-Nickel Alloys
In the copper-base alloys, ranging from 10% nickel silver to Constantan (55% copper-45% nickel), an important and relatively new member is the 70-30 cupro-nickel alloy which has become the standard material for marine condenser tubing.

Oven Canning
Oven canning is dangerous and should not be used under any circumstances. Explosions from oven canning have resulted in painful scalds, severe cuts, loss of eyesight, and other serious injuries to the homemaker or to members of her family. Extensive damage to kitchens and equipment resulted in many cases. Oven canned food has a high percentage of spoilage. Most canning supply companies and the U.S.D.A. condemn this method.

Helium
Helium changes from a gas to a liquid at only 4.2 degrees Centigrade above absolute zero. (The lowest temperature that can ever exist is absolute zero: minus 273.16 degrees Centigrade, or zero degrees absolute, which is 273.16 degrees below the temperature of melting ice.)

World's Largest Treasure Lies On Sea Bottom

WASHINGTON—Of all the treasure in the world—that hidden in the treasure houses of potentates of the east and the rich men of the world, a greater treasure lies at the bottom of the sea in rotting ships.

Billions of dollars worth, probably, but only the tiny sum of \$800,000,000 seems to be accounted for by the historians.

This figure is based upon a survey of 70 old treasure ships, now fathoms deep, whose names, approximate locations, and cargoes have been authenticated.

Apparently only Davy Jones has full information about other rich vessels, notes the National Geographic society.

Staggering Losses

For instance, records are fragmentary concerning the gold laden Portuguese galleons which were sunk off the coast of Brazil. Many must have been lost because there is a discrepancy of \$2,000,000,000 between official records of gold and the amounts received in the home country.

The Spanish, too, had staggering losses. Their lumbering galleons were often easy prey for British and Dutch ships and the swift vessels of the ruthless Caribbean pirates. Half of the \$800,000,000 in known lost treasures consists of sunken Spanish loot from Latin America.

The Spanish lost the largest shipment of precious metal they ever transported. Archives of Spain and England set the value of the treasure at \$150,000,000 which stuffed the holds of a 17-ship armada. British and Dutch men of war sank all but one of these vessels in an action at Vigo Bay, Spain, in 1702. The attackers got \$10,000,000, and salvage companies of half a dozen nations have since recovered an additional \$20,000,000. The rest is 70 feet deep in the bay.

\$65,000,000 Lost

Raging storms probably claimed more Spanish gold than did the freebooters. There are scores of authentic instances where galleons with rich cargoes are known to have foundered.

A noted example is the fleet of 14 treasure ships which went down in a hurricane in 1715 off Long Cay, Fla., taking along \$65,000,000 in gold and silver. The Spanish salvaged \$1,500,000—only to have it hijacked by a British raider lurking near by. The coastal waters of the United States hold plenty of treasure. One famous trove of \$4,000,000 went down with a British frigate in New York's East river in 1780.

Cotton Cloth Treated With New Compound Resists Dirt

DALLAS, Texas—A new compound known as "CMC," or carboxymethyl cellulose, is going to be good news for laundry-conscious mothers.

Treated with the compound, cotton clothes in the future will resist dirt. And, once they are soiled, getting them clean will be easy, requiring little scrubbing and less soap.

James A. Kime of the U. S. department of agriculture told the Cotton Research Congress of experimental results obtained with CMC, a low cost derivative of cellulose.

"About three level tablespoons of CMC per gallon of rinse water gives cotton goods improved oil resistance without changing the feel of the fabric," he declared.

Kime said CMC applied as a rinse, appears to coat cotton fibers with a smooth film that keeps dirt from coming in close contact with the fabric.

Cotton cloth treated with CMC and uniformly soiled with carbon black, Kime said, washed easily to its original color. Untreated cottons similarly soiled could not be washed cleaner than a dull, dirty gray.

Kime also reported development of a process to make cotton bags insect repellent. The paper industry, he noted, had cut heavily into this important field because multiwalled bags of paper were more resistant to insect penetration.

But cotton bags treated by the new process have "successfully resisted insect penetration and prevented spoilage of contents for as long as seven months under condition of heavy insect population," Kime said.

Airmen Decorate Barracks With Rugs, Shades, Curtains

ENID, Okla.—It's just a regulation GI barracks on the outside but inside enlisted men of Vance air force base live in private rooms with curtains on the windows and rugs on the floor.

With permission of the commandant, the airmen closed a wholesale deal with a lumber company, borrowed \$220, and partitioned the floor into 11 two-man rooms with knotty-pine walls and closets.

The venetian blinds, curtains, and other fine points of interior decoration came out of each individual's pocket but one satisfied resident said his new quarters "are nicer than my brother's in college."

Russian Sentry Hides as English Remove Big Bomb

BERLIN, Germany—There was one bomb in the center of Berlin that the Russians wanted nothing to do with—in fact they insisted it was a British responsibility.

Workmen restoring the old Tiergarten, Berlin's most famous park, uncovered the 1,000-pound relic of World War II.

It lay just 150 yards from the massive memorial the Russians erected in 1945, just inside the area which became the British sector, to Red army men who died in the storming of Berlin. The fuse was damaged, complicating the problem of handling and removing it.

Three days of negotiations with the Russians followed. The Russians said it was a British responsibility, because the bomb lay in the British sector, but insisted the memorial must not be affected.

German and British bomb experts advised that detonation at the spot would buckle the marble columns of the memorial, and recommended moving the bomb.

Russian officers said moving the bomb would be dangerous. They asked British engineers to sign a guarantee that the memorial would not be damaged.

The British insisted it could be moved safely and finally the Russians agreed to the attempt.

British air force demolition men hooked a steel wire, 100 yards long, to the bomb at noon today and gingerly lugged it 200 yards farther away from the memorial.

The Russian sentry quit his post in front of the memorial and hid behind its big columns while this was going on.

The R.A.F. squad covered the bomb with several hundred sandbags and some bales of straw and hooked up a dynamite fuse. In mid-afternoon they touched off the bomb. Its roar was heard for miles.

The Soviet sentry went back to his post as the dust cleared.

Chips off the Old Rock—But It Was Plymouth Rock

PLYMOUTH, Mass.—A chip off a rock cost a Dartmouth college student \$25. But the rock was Plymouth Rock, stepping stone of the Pilgrims.

Albert Leclair, Jr., was fined after pleading guilty of "malicious injury."

Judge Amadeo V. Sgarzi lectured young Leclair against damaging "a sacred rock with which the whole country is concerned."

Leclair was arrested when residents complained that a young man on top Plymouth Rock was trying to chip it with another rock.

Tin Can Seen as Prime Influence on U. S. Life

The ordinary tin can has earned itself a place alongside the automobile, telephone, radio, and electric light as a prime influence upon the pattern of daily living.

So declares the American Can company in reporting that the average U. S. family last year opened about 750 cans of food and non-food products. Total consumption for the year was 30 billion metal containers, of which two-thirds were used for foodstuffs.

The consumption of canned foods alone has increased 10-fold since the beginning of the century—from approximately two billion cans in 1900 to around 20 billion last year, the firm said.

The use of metal containers for non-food products such as paint, beer, motor oil and tobacco has grown at an even faster rate—to an annual consumption of close to 10 billion in 1949.

Analyzing the effects on various products, the company said the big jump in use of canned products had not diverted items from other markets but had enlarged existing outlets and frequently developed completely new cash outlets for basic crops and other products long in use.

Lions, Tigers Like Catnip Just Like Household Pets

CHICAGO—Lions, tigers and leopards love catnip—just as much as the family cat.

A bushel of catnip was tossed into the Lion house at the Brookfield zoo by Director Robert Bean—just to see if anything would happen.

The animals responded with an assortment of capers and catnips that amazed even Bean. They behaved like overgrown kittens. And like cats, they appeared very fond of the catnip.

Tommy, a 180-pound Indian leopard regarded as dangerous, appeared to be trying to giggle. He sniffed the herb, rolled on it, and then staggered around drunkenly with a spray draped over one ear.

Three brother lions—Roger, Colby and Herman—acted very alley catlike. Roger howled. Colby chased his tail; Herman rolled on his back, gazed dreamily at the ceiling and gurgled.

Two surly Bengal tigers, Prince and Duke, attempted tricks after taking a few whiffs of the catnip. Duke tried to stand on his head, right in the catnip.

Prince, leaning groggily in a corner, did nothing but exercises. He took another sniff and offered to shake Bean's hand. Bean declined.

Corn Yield of 100 Bushels Per Acre Goal of Science

COLUMBIA, Mo.—How would you like to harvest 100 bushels of corn per acre on the average? Sounds impossible, but C. H. Woodruff of the soils department at Missouri university believes not.

In fact, he says it may be possible to push those yields up to 150 bushels per acre during some of the best years. Other years, the yield may drop considerably below the 100-bushel mark because water shortage may be the limiting factor.

There's no secret to these high corn yields, says Woodruff. The key is a relatively cheap source of nitrogen. In the past, crop yields have been limited to the amount of nitrogen supplied through legume fixation. But legumes do not have the capacity to fix nitrogen for record yields. Woodruff believes that the best anyone could expect from that system is 50 bushels of corn to the acre.

Woodruff has been working with the idea of 100-bushel an acre crops since 1946. On the soils and crops experimental fields at Columbia, more than 100 bushels of corn per acre have been harvested for the past three years. And this has all been done on one field.

Former ammunition plants are fixing synthetic nitrogen. And it is easy to get nitrogen to do the job. Indications are that anhydrous ammonia will supply nitrogen to the soil cheaper than other forms of nitrogen carriers. And he says that anhydrous ammonia can be applied rather easily.

Experimental results at Sanborn field at Columbia show that two pounds of nitrogen are required to grow a bushel of corn—one pound to grow the stalk and one pound to grow the ears. Therefore, Woodruff says that 200 pounds of nitrogen must be available to the plants for 100-bushel-an-acre yields.

Boy Puts Pail Under Cow; Talented Animal Milks Self

FINDLAY, Ill.—Blondie, Herbert Bricker's cow, has learned to milk herself.

"All I do is set the pail under her," the 11-year-old boy said. "She does the rest."

Herbert said that, like other farmers, he milked only half the cow at a time when he got her as a present from his father. He noticed that Blondie produced from the other half with no help from him.

"I tried just putting the pail under her," he said. "Sure enough, she milked herself."

Fearing Blondie was sick, the boy's father called a veterinarian.

"There's nothing wrong with her," the veterinarian reported. "She's just talented."

Last of Chinese Emperors Held Prisoner by Russians

TOKYO—The last of the emperors of China, who has been without a throne since the 1912 revolution which transformed the celestial empire into a republic, is being held prisoner by the Russians at Khabarovsk in eastern Siberia.

General Mitani, former Japanese governor of eastern Manchuria, home from Soviet captivity, said he met the former emperor in Siberia. Sun Tung Khan was the "boy emperor" when he was overthrown. He is now 44 years old.

This is the same man who was set up by Japan as puppet ruler of Manchuria under the name Henry-Pu-yi.

The Russians never have informed the western nations that they hold the former monarch nor have they given any indication of what role they intend for him.

Woman Bank Teller Chases And Captures Holdup Man

SEATTLE, Wash.—The bank robber just didn't have a chance. The lady was determined to get her money back.

Mrs. Mae Natori, teller in the Seattle First National bank, obeyed when a man poked a pistol under her nose and demanded that she "put all the money in a paper bag."

She did, but stepped on the burglar alarm at the same time.

Then, screaming that she had been held up, she chased the fleeing bandit. With two bank customers at her heels, she chased him into a hotel half a block away and cornered him.

He offered to swap the bag of money for his freedom, and although he still waved the gun, she refused. She kept him covered until the police arrived.

Switzerland Using Alpine Lakes as 'Deep Freezers'

NEW YORK—A dispatch from Switzerland reports the people of that country are again using their icy Alpine lakes as huge "deep freezers" to store food against the possibility of a new war isolating the mountainous little republic.

The dispatch said the first batch of reserve staples—1,000 tons of coconut oil in metal drums—has been lowered 40 feet below the surface of one lake.

The drums are laid upon a foundation of cement and are tied to each other with steel cable.

Uncle Sam Says

THRIFT MAKES HAPPY HOMES AND SOUND NATIONS. INSTILL IT DEEP.

George Washington, our first President, said: "Thrift makes happy homes and sound nations. Instill it deep." One of the best ways to put that advice into action is to enroll today for the Payroll Savings Plan for the purchase of U. S. Savings Bonds. NOW, LET'S ALL BUY U. S. SAVINGS BONDS.

U. S. Treasury Department

U. N. Structure

The dramatic new United Nations secretariat building in New York City is supported by almost 14,000 tons of structural steel framework. This 39-story framework was primed with 4,300 gallons of red lead to protect it against the ravages of rust.

"Night Blindness"

In a Pennsylvania study it was found that 4 per cent of the drivers involved in night accidents suffered from "night blindness"—low adaptation to changes in light intensity.

Della Duckwitz

(Continued from page 1)

Clear illumination by the new street lights gave opportunity for Mrs. Johanson to see the license plates and to note that the driver was wearing a hunting cap and eye glasses.

A check of license ownership showed the plates she described belonged to Robis and he was wearing a hunting cap and glasses when the deputies arrested him on his arrival home at 12:30 a. m.

He was given a physical examination by Dr. Samuel Fried, Fox Lake, who pronounced him intoxicated.

Robis denied he was in Antioch and struck Mrs. Duckwitz. Sheriff's deputies said that pieces of chromium found at the scene of the accident fitted his car.

Mrs. Duckwitz' body was thrown 80 feet by the impact and she was lifeless when members of the Antioch Rescue squad and a physician reached her. Her skull was fractured, her neck broken, and one arm and both legs broken.

She roomed with Mrs. Frank J. Hunt and was returning home after walking part way home with her sister-in-law, Mrs. Addie Monnier, of 330 Depot st.

Mrs. Duckwitz had lived in Antioch since the death of her husband, Paul, two years ago at Paddock Lake where he operated Duck Inn. They had lived at various places in Lake and Kenosha counties. They had no children.

Her death was the first fatal traffic accident in the village in almost five years.

Acting Coroner Ray Reardon swore in an inquest jury yesterday afternoon.

She leaves three brothers, Fred and Clyde Monnier of Chicago; and Edward, Ladysmith, Wisconsin. Funeral services will be held on Saturday, December 16, at the Strang Funeral home, with the Rev. E. Roberts Ehrigott in charge. Burial will be at Mound Cemetery, Salem.

Tooth Decay Activity
An estimate of the amount of the tooth decay activity in a mouth at any given time and an estimate of future decay activity can be made on the basis of a bacteria count in the saliva.

Greenland
About six-sevenths of Greenland, world's largest island, is capped by an ice mass up to a mile and a half thick. If the ice cap were suddenly to melt, it would cause the oceans to overflow their present shores.

WILMOT

Nellie Hasselman returned home Wednesday from six weeks spent at San Antonio, Texas, with her son and sister. She reports they were sowing oats, quite a bit of grain was up and roses and poinsettias were in bloom.

Anna Hasselman, Fox River, Wilbur, Jr., and Terry Pollack, Beloit, spent Sunday at Nellie and George Hasselman.

Mr. and Mrs. George Higgins attended the pancake supper at the Genoa City Congregational church Wednesday evening.

Mr. and Mrs. Howard Higgins, Kenosha, were Sunday guests of Mr. and Mrs. George Higgins.

Mr. and Mrs. Albert Elverman, Mr. and Mrs. Frank Jahns, Mrs. Chester Paasch spent Sunday evening with Mr. and Mrs. Gust Neuman.

Mr. and Mrs. Elmer Rasch and

family, Mr. and Mrs. Ervin Rasch and family, R. J. Austin attended the Rasch Christmas party at the Bassett Hall Sunday.

High school Christmas party will be held Dec. 21.

High school basketball will be at Waterford Tuesday evening, they play at the Norris farm Friday evening.

The Senior class will hold their annual Winter Formal Saturday evening, Dec. 16, at the Wilmot gym.

Mr. and Mrs. Charles Hofner, Burlington, spent Sunday with Mr. and Mrs. Mike Seitz.

Charles Stoxen is stationed at Camp McCoy.

Eunice Stoxen, Lake Forest, spent the weekend with Mr. and Mrs. Raymond Stoxen.

Mr. and Mrs. Harvey Brown returned Wednesday from Fairchild, Wis.

Wilmot W. S. C. S. are being entertained by the Genoa City W. S.

C. S. Tuesday afternoon

Mr. and Mrs. Stanley Brown and daughter, Patricia, McHenry, spent Sunday evening with Mr. and Mrs. Harvey Brown.

Mr. and Mrs. Dean Ehler and son, Dean, Kenosha, Mr. and Mrs. Duane Ehler and son, Jeffrey, Burlington, spent Sunday with Mr. and Mrs. John Ehler.

Mrs. Marlin Schnurr spent Tuesday at Milwaukee.

Mr. and Mrs. Richard Schlenvoigt and family, Des Plaines, spent Sunday evening with Mr. and Mrs. Walter Frank.

Millie Faber and son, Lyle, Elsie Dean, Silver Lake, spent Sunday

afternoon with Mr. and Mrs. Paul Ganzlin.

Mr. and Mrs. Paul Ganzlin received word Thursday of the death of the latter's cousin, Fred Moyse, Tampa, Fla. He is the son of Ernest Moyse, Tampa, Fla. They have spent several summers here.

Mr. and Mrs. Herman G. Frank, Richard, Mr. and Mrs. Clifford Schall, Douglas, Mr. and Mrs. Floyd Zarnstorff, Kenneth, Jack, Mr. and Mrs. Frank Zarnstorff, Marjorie, Dennis, Mr. and Mrs. Alfred Oetting, Carol and Linda helped Mrs. Zarnstorff, Sr., celebrate her birthday anniversary Wednesday evening.

**Don't Leave Telltale Signs
When You Go on Vacation**

WASHINGTON — Don't leave telltale signs behind you when you go on your vacation this year, police officials throughout the nation are warning.

Stuffed mail box, a row of milk bottles, an uncut lawn, drawn blinds and an accumulation of old newspapers are plain signs for the would-be burglar that the family is away and the home is ripe for robbery, officials report.

Nine defensive measures are being urged:

1. Mow your lawn before you leave.
2. Ask your neighbor to keep an eye on your home and to call police immediately when a stranger loiters around the dwelling.
3. Lock all windows and doors.
4. Cancel newspaper deliveries if you will be gone a long period, or transfer the subscription to your place of vacation.

Elusive GI Back on Duty

An advanced lesson is to play a tune on a piano of seven keys. By rewarding the pigeon when he strikes the keys in a certain sequence, Dr. Skinner and his assistants have taught pigeons to play simple tunes such as "Over the Fence is Out, Boys," and "Take Me Out to the Ball Game."

HICKORY

The school children will give their Christmas program at the school house on Saturday evening, Dec. 16.

Mr. and Mrs. Rudolph Novy and sons visited Mr. and Mrs. Harold Buzan at Wilmette Saturday evening.

Mrs. Clarence Spiering is a surgical patient at a Chicago hospital this week.

Oscar Finkel is in Washington D. C. on business.

Mr. and Mrs. Wm Strahan and daughter, Audrey, entertained the following guests at a turkey dinner at their home on Sunday, Mr. and Mrs. Donald Crawford and children and John Streicher, from Waukegan; Mr. and Mrs. Fred Strahan and sons from Wadsworth, Mr. and Mrs. John Strahan and daughter, Lillian the latter from Evanston, and Mrs. Belle Strahan.

Miss Lillian Strahan, from Evanston, was home for a few days last week.

Sunday afternoon guests at the Wm. Richards home were Mr. and Mrs. Ernest Osborn, from Zion, and Mr. and Mrs. Raymond Kessler from Lake Bluff.

Mr. and Mrs. David Bennett were Sunday evening supper guests at the Ed Hoffman home at Millburn.

Stale Rhubarb
Stale rhubarb usually has a wilted, flabby appearance, and may be stringy and of poor flavor when cooked.

Uncle Sam Says

How's about a present for yourself this Christmas? Make your present a filled-in card for the Payroll Savings Plan where you work. The Payroll Savings Plan is a convenient way to save. Determine the amount you want to invest each payday and then your Bonds will come to you automatically. That gift will keep on saying "Merry Christmas" for many years to come.

U. S. Treasury Department

Clean the Premises
Boxes, crates, old lumber, and discarded machinery give an unfavorable impression to the farm visitor. Dry weeds, grass, and trash around the farm buildings are a fire hazard.

First Nailmakers

Evidence has been found that the first mill for slitting nail rods in the colonies was built at Saugus, Massachusetts in 1645. This is based on recent discoveries. Previously it was thought the first mill was built about 1710.

Crop Insurance

Federal crop insurance programs are now operating in 552 counties.

Gathering Eggs

Eggs should be gathered at least three times a day and should be delivered to the market as frequently as possible. Studies show that, during the summer, eggs delivered to market are generally of a higher quality than those held for a longer time. A final precautionary measure is to provide the chickens with plenty of good nests during the summer months.

When You Eat Out

Come To The

Antioch Restaurant

for real enjoyment

Catering to regular meals in a wide variety. Also Sandwiches of all kinds at popular prices

On the day after Christmas, And not at all strange, Are the crowds flocking in With their gifts to exchange.

Their socks are too large; Their ties are too bright; Their slippers are wrong; Their shirts aren't right.

They have too many pencils; Their books they have read, Or have two of a kind And wish something instead.

But if you are anxious And eager to learn How to give and be sure Your gifts won't return.

For what it is worth— The suggestion is mine, —Nobody brings back Their liquor or wine.

Stored Garments
Never allow a garment to hang uncleaned from one season to the next. Any stains will become set with age and are difficult, if not impossible to remove. Soil will also attract moths and other insects.

Cuban Sugar
In 1949, slightly more than 3,000,000 tons, raw value, or about 41 per cent, of the sugar consumed in the United States came from Cuba. "This was more than twice the quantity supplied by any other single area of supply."

Keep Time With Nickel
Magnetic nickel alloys in electric clocks help make possible their compact size, accuracy and low current consumption.

Pesetas
In 1949 the Spanish government took the initial steps to implement its re-coining program, and in July the first issue of pure nickel 5 peseta coins took place.

Gettysburg Address
Four score and seven years ago—on November 18, 1863—Abraham Lincoln delivered his immortal Gettysburg address.

Making Butter
To make a pound of butter, 9.77 quarts of milk are required.

Uncle Sam Says

Farmers know the peace of mind an assured financial future can bring. Their crops, their livelihood, are subject to the weather, but they know also that a regular investment in U. S. Savings Bonds is a sure and safe road to freedom from financial worries. For years they have been taking advantage of the easy method for investment offered by your government for they know U. S. Savings Bonds GROW. With every investment of \$3 you receive \$4 in ten short years. U. S. Treasury Department

Wisconsin Fish Catch

The value of the commercial fish catch in Wisconsin waters of the Great Lakes in 1949 was about \$2,000,000, a million dollars less than it was in each of the three years prior to 1946, records of the conservation department show. The drop in value reflects a smaller fish catch and lower prices. The fish catch was valued at \$2,600,000 in 1948, \$2,800,000 in 1947 and \$2,500,000 in 1946.

Field Mouse

The field mouse may lead a happier life than his city cousin, but he still has worries. Crouching in many a bush waiting to pounce on him are mice-loving frogs. Frogs can give a pretty fair imitation of a cat's capture tactics, and enjoy a field mouse meal.

Steel Screening

The strength of stainless steel screening was recently tested successfully against the swing of a baseball bat.

Rhubarb

Rhubarb of good quality is fresh, firm, crisp, and tender, with at least a portion of the stalk red in color.

CUSTOMERS' CORNER

Have you ever said "I'll just never go back there again?"

That's the way a lot of people react when something goes wrong in the store in which they shop.

They don't complain. They just make up their minds to shop somewhere else.

But we don't want that ever to happen at A&P.

If for any reason you should ever be dissatisfied with the food or service in your A&P, please do us and our employees the favor of letting us know. Please write:

A&P's PRICE POLICY

Storewide low prices on hundreds of items every day... instead of just a few "one-day" or "week-end specials."

Advertised prices are guaranteed for one week, even though market prices go up.

We believe this policy helps our customers save more money.

With the correct price marked on every item, plus an itemized cash register slip... you know what you save at A&P.
